

COPYRIGHT RELEASE FORM
NORTH CAROLINA STATE PUBLICATIONS CLEARINGHOUSE

I, _____, hereby grant permission to the North Carolina State Publications Clearinghouse and any contractors working on behalf of the Clearinghouse to do any or all of the following:

1. Reproduce this copyrighted state publication as defined by G.S. 125-11 (b)(4) in microfiche format, electronic format and/or any other format for reference, interlibrary loan, or preservation purposes. I further allow libraries and other service agencies to which these reproductions are distributed to satisfy the informational needs of users in response to discrete inquiries by making a nonprofit reproduction of their copy; and
2. Include this state publication (or a copy thereof) in a publicly-accessible digital repository as long as it is clearly noted that the publication is copyrighted and that use for profit is not allowed. The Clearinghouse agrees to post with the state publication, any restrictions stated on this form that pertain to the use of the state publication, and encourage users to adhere to these restrictions.

Furthermore, for titles that comprise a series or serial, such as a journal or newsletter, these permissions are granted for all issues of this title that are sent to the State Publications Clearinghouse, unless otherwise stated.

TITLE OF PUBLICATION: _____

TITLE

Restrictions for use (PLEASE NOTE: If there is a restriction to use this publication, the Clearinghouse will gladly include the information. However, since the digital repository is publicly-accessible and the Clearinghouse does not monitor use of the images, the Clearinghouse cannot guarantee that people using the site will adhere to restrictions posted.):

G.S. 125-11.8 (b)(4): Prepare on microfiche one or more copies of each State publication that is printed on paper for reference and interlibrary loan purposes.

Policy Statement

The State Publications Clearinghouse collects state agency publications and distributes them to North Carolina depository libraries and/or provides Web-based public access. These publications are usually available in paper, microfiche, or electronic format. In the case of copyrighted material, a copyright release form is necessary in order to create reproductions of the publication in any format and to provide public digital access. A copy of the release form will be stored with the publication.
