LSTA Advisory Committee Roster 2019-2020

In the late 1990's the State Library established an LSTA Advisory Committee to provide leadership for the federal library program in North Carolina. The nine-member committee is representative of our state, and is composed of members from various types of libraries from all geographic areas in the state. The committee advises the State Librarian on plans and policies for the state's LSTA program, annual grant programs, funding priorities, and the Five Year Plan Evaluation. The LSTA Advisory Committee is instrumental in the formation of each year's Annual Program Plan and the Five-Year Plan.

The State Librarian appoints new members to three-year terms in July of each year. Nominations are received from the various North Carolina library communities of interest (public, community college, UNC system, and independent colleges and universities), and are reviewed then appointed by the State Librarian. The committee elects its own chair from the membership each year for a term of July 1 - June 30.
