Provide a title that briefly describes your project.

2. LIBRARY USERS AND NEED

Who are the current or potential library users this project will benefit? State the need and describe how the need was determined.

3. PROJECT DESCRIPTION (use a - d to identify each response separately)

Provide responses to each of the following that will cover the entire scope of the project.

- a. What do you want to do to solve or address the need stated above? What is your project's user-focused goal? Include target numbers for what will be better or different for library users.
- b. Why was this solution selected?
- c. What will a successful project look like; include outcomes.

4. PROJECT TIMELINE

Complete a table that shows: the timeline of project actions/activities, expected completion dates, and who is responsible for that part. The timeline should have at least one entry for each month of the funding period and should be prepared in consultation with any partner(s). Include details such as planning meetings, training, testing, significant project targets and milestones, outreach to the potential audience(s), and evaluation activities. Be sure to allow for the local institutional approval process and grant program deadlines.

5. EVALUATION (use a - b to identify each response separately)

How will you measure and document the success of this project? Describe the methods that will be used to gather information and determine whether the library has achieved the project goals.

- a. Before and after data is important to accurately measure and report effectiveness. How will you document before and after "outputs"; the countable products (the number of workshops taught, the number of objects scanned, or the number of website views)?
- b. How will you determine whether the project reached or moved toward the project goals? How will you document the "outcomes"; the changes brought about, in part, because of the project in the target audience's behavior, attitudes, skills, knowledge, status, or life condition?

6. BUDGET - use the following Budget Categories (A-F and H) to identify and describe all LSTA expenditures.

A. Salaries/Wages/Benefits

Include all salaries, wages, and benefits paid to staff at the lead library that are directly contributing to the project; include position titles (but not names) and number of FTEs (full time equivalent) in description.

B. Consultant Fees

All expenses related to acquiring the services of a consultant for a specific activity within the project are included in this category. Include all fees, travel, accommodations, and support services incurred and invoiced by the consultant.

Group items together by type or program, for example: Instead of listing each of these items on a separate row, group them together like this – Supplies for Learning Center (6 sets of books, easel, sand table, board games, manipulatives, puzzles, rug).

E. Equipment that exceeds \$5,000 per item

Only nonexpendable, tangible property with a per item acquisition cost over \$5,000 should be listed here. Note that each item requires written approval from the State Library prior to purchase and each item will be inventoried annually for the remainder of its useful life.

F. Services

Activities provided by a third-party contractor or vendor; provide the name of the service, the vendor, and the cost for each vendor.

G. Subtotal

Total the LSTA Funds column.

H. Indirect Costs Calculate the Indirect Costs based off the LSTA Funds subtotal in row G.

Select ONE of the following:

- Option 1: The library chooses not to include Indirect Costs.
- Option 2: The library chooses a rate not to exceed 10% of modified total Direct Costs AND declares it is eligible for the 10% rate; supporting documentation will be required with the Grant Agreement.
- Option 3: The library has a rate of ____ % that has been negotiated with a federal agency; supporting documentation will be required with the Grant Agreement.

SLNC Adapts ONLINE SIGNATURE PAGE

A Project Manager, which may or may not be the library director, needs to be identified on the Signature Page. The Project Manager is the primary contact between the applicant library and the State Library for the life of the project. It is expected that when questions arise about expenditures, reimbursements, reporting, and anything else related to the grant, the Project Manager will be the State Library’s primary point of contact.

It may take a few days or a few weeks for your organization to obtain the required signatures so be sure to plan enough time for your local situation. Once the SLNC Adapts Online Signature Page has been submitted, the project manager will receive an email with a PDF file of the completed form. Print the emailed PDF file, obtain the required signatures, scan the signed LSTA Online Signature Page and the Application Form (in that order) and email as one attachment to LSTA@ncdcr.gov. Include the library name and Project Title in the subject line.

GRANT PROVISIONS

The following state and federal provisions apply to the LSTA grant program. Libraries awarded grants must agree to comply with these provisions.

1. Grant Agreement and Timing of Expenditures

Official notification of the grant award must be received from the State Library and a grant agreement (formal agreement between the grantee and the State Library) signed by both the representatives of the library and the State Librarian *before* any funds may be encumbered or expended for the project.

2. Allowable and Unallowable Costs

Grantees must carry out the grant project according to the approved grant proposal, and all federal funds must be expended solely for the purpose for which a grant was awarded.

The following costs are unallowable and may not be proposed as grant project costs: bad debts, contingencies, contributions and donations, entertainment, fines and penalties, under recovery of costs under grant agreements (excess costs from one grant agreement are not chargeable to another grant agreement).

3. Legal and Regulatory Compliance

Grantees must expend grant funds in accordance with all applicable local, state, and federal laws and regulations.

4. Budget Revisions and Programmatic Changes

Grantees must not deviate from the approved budget and plan for carrying out the grant project as contained in the approved grant application unless prior approval is obtained from the State Library.

5. Records Retention

Grantees must maintain adequate records to ensure complete reporting, and retain programmatic and financial records relating to the grant for a minimum of three years from the due date of the final grant report at the end of the Five Year Plan, or until all audit exceptions have been resolved, whichever is longer.

6. Free and Open Competition

Purchases made from grant funds must be carried out to ensure free and open competition to the extent possible. Libraries eligible to purchase under state contract may use this option for grant purchases.

7. Debarment & Suspension

Transactions for the purposes of this grant will not knowingly be made with parties who have been debarred or suspended from receiving Federal financial assistance under Federal programs and activities (Debarment and Suspension Certification). See Excluded Parties List System at <https://www.sam.gov>.

8. Equipment Purchases and Inventory

Equipment with a per unit price above \$5,000 requires prior written approval from the State Library and will be inventoried annually for the remainder of its useful life. If fair market value at the time of surplus or disposal exceeds \$5,000, disposal must be cleared with the State Library.

9. Publicizing & Acknowledging Funds

Grantees are required to credit IMLS/LSTA in all related publications and activities in conjunction with use of the grant funds. Grantees should publicize grant-supported activities in available and appropriate media. The following acknowledgement statement must be used when meeting these requirements:

“This publication/activity/ program was supported by grant funds from the Institute of Museum and Library Services under the provisions of the federal Library Services and Technology Act as administered by the State Library of North Carolina, a division of the Department of Natural and Cultural Resources.”

10. Lobbying

Grantees are prohibited by federal law from using grant funds to pay costs associated with lobbying Congress or the public for purposes of influencing elections, legislation, or the award of any federal funds. Grantees receiving an award of over \$100,000 must file a certification regarding lobbying.

11. Non-discrimination

All library services provided as a result of federal grant funds must be available without discrimination to all members of the community served. Participation may not be denied on the basis of race, color, national origin, handicap, age, or sex.
